İstanbul

To whom it may concern,

İNTAÇ Cons. Engineering Ltd. was contracted by **Dia Holding** to provide the complete assessment and strengthening design and analyses of the Headquarters of **Azersun**, named "**Azersun Office**", which was a 3-storey prefabricated office building.. The site crew of **İNTAÇ** has visited the building in Baku, Azerbaijan, together with their equipment and experienced people. They completed the site investigation, concrete core sampling, rebar detection and soil data acquisition, without interrupting or bothering the day-to-day operation of the office. **İNTAÇ** engineers have then completed the computer analyses and complete seismic assessment of the building by following the state-of-the art seismic codes.

I hereby declare that **İNTAÇ** Cons. Engineering Ltd. has satisfied all our requirements and demands during the site investigation and assessment of the aforementioned office building. Closing, based on our experience of cooperation, I express my certainty that **İNTAÇ** is a company that can offer high level of services in design, consultancy and supervision, performs with unquestionable reliability in line with the time schedule and the bills agreed and is able and willing to provide assistance if difficult issues appear. Should you require any supporting information, please, do not hesitate to contact me.
